

Packaging and Packaging Waste Regulation (PPWR) Compliance Statement

Scolmore International Limited is committed to complying with the requirements of the Packaging and Packaging Waste Regulation (EU) 2025/40 (PPWR) for packaging placed on the European Union market.

We work with our suppliers to ensure that our packaging is designed and manufactured to meet the applicable requirements of the Regulation, including considerations for material composition, minimisation, recyclability, restricted substances and labelling, where Applicable.

This statement is based on information available at the time of issue and will be updated as necessary to reflect changes in legislation or supporting guidance.
